*“TEMPO Milwaukee is a cutting-edge organization that advances women’s professional development in Southeast Wisconsin and accelerates positive change,” said **Chairwoman Nicholson**. “I am thrilled to join the Emerging Women Leaders and learn from other dynamic and influential women to further our shared goal of making Milwaukee a better place to live, work, and play.”*

Individuals selected for the Emerging Women Leaders network participate in numerous professional development programs throughout the year including 1-to-1 peer mentoring, volunteer opportunities and a virtual webinar series. Because of the COVID-19 pandemic, all programs will be virtual until further notice.
