Statement on Kimberly-Clark Announcement

MADISON-Steve Breitlow, from the Wisconsin Pipe Trades Association, issued the following statement today on the Kimberly-Clark announcement.

“On behalf of the 9,000 working men and women that make up the Wisconsin Pipe Trades Association, we applaud state leaders, Kimberly-Clark and the United Steelworkers for their efforts to keep the 388 family-supporting jobs in Wisconsin.

We are encouraged by the commitment to grow and invest capital back into Wisconsin. The overall return on investment is in the best interest of our state.”
