## **Stroebel Response to Governor Walker State of the State Address**

*Stroebel: Governor leading Wisconsin Forward*

Madison, WI – Following Governor Scott Walker’s annual State of the State Address, Senator Duey Stroebel (R-Cedarburg) issued the subsequent response:

*I applaud the Governor on his leadership to continue improve Wisconsin’s tax status. Since the Governor and Republicans were elected, Wisconsin’s property taxes as a percentage of income are the lowest in over 70 years. To be competitive in today’s environment, there is still more work to do.*

*I continue to stand with the Governor on his pledge not to raise transportation related taxes.*

*As I travel the 20<sup>th</sup> Senate District, I hear from employers that a trained workforce is their priority. Last week, I toured a manufacturer in Ozaukee County that has great success in hiring and retaining quality high school graduates. Additionally in December, I toured long term care facilities in Cedarburg, New Holstein, and West Bend. All are looking to partner with area schools to find quality caregivers.*

*As the Governor said, there are jobs available; the next step is ensuring Wisconsin’s workforce is ready to accept and thrive in those positions.*

*I look forward to working with the Governor and my legislative colleagues on finding bold solutions to ensure Wisconsin has the quality of life we all expect.*
