Analysis by the Legislative Reference Bureau

This bill requires each school board, independent charter school, and private school participating in a parental choice program (educational institution) that operates or sponsors an interscholastic, intramural, or club athletic team or sport to designate the athletic team or sport as falling into one of three categories based on the sex of the participating pupils. The three categories are 1) participants who are males, men, or boys; 2) participants who are females, women, or girls; and 3) coed or participants of both sexes. The bill defines “sex” as the sex assigned at birth by a physician. The bill also requires an educational institution to prohibit a male pupil from participating on an athletic team or in an athletic sport designated for females, women, or girls. Finally, the bill requires the educational institution to notify pupils and parents if an educational institution intends to change a designation for an athletic team or sport.
